

Stone Forest IT

Driving Growth through Digitalisation

Driving growth through digitalisation, Stone Forest IT (SFIT) has over 35 years of experience supporting businesses with Business Applications (ERP and CRM), IT Managed Services, Cybersecurity, and Data Protection. As your IT partner, we simplify, digitalise and manage your IT needs with **best practices** and **governance** so you can accelerate business growth, all while saving costs, staying secure and compliant.

As the IT services arm of the RSM & Stone Forest group, we leverage our accounting background and industry expertise to assist growing organisations as a one-stop business partner.

HOW WE **A.I.M.** TO HELP YOU

A ADVISE

Now. Where. How

Empower business leaders to identify IT needs that truly matter to their business.

Develop technology roadmap, IT SOPs and policies that drive digital transformation and strengthen the foundation for accelerated business growth.

I IMPLEMENT

Practical. Cost-effective

Transform IT plans into smart, effective and consistent actions that are aligned with digitalisation needs.

Adopt and adjust to best practices and proven methodologies to systematically manage IT upgrades and stay relevant.

M MANAGE

Simplify, Standardise & Strengthen

Continuous improvements and simplification of IT processes and policies.

Strengthen IT security posture to stay safe and compliant.

WHY US?

One-stop Shop

We have the experience to handle end-to-end IT needs so that you can focus on growing your core business.

Strong Support for Growing Businesses

We have a strong track record of addressing business challenges at every stage of growth.

Industry Specialist

We translate our deep industry knowledge & operational insights into practical IT strategies that are industry relevant.

Assurance of Data Integrity

We abide by the same strict discipline & code of conduct expected of accountants.

Reliable Business Partner

We believe in open & honest communication for successful collaboration.
